Cigniti opens new digital assurance & engineering offshore delivery centre in Hyderabad

HYDERABAD: AI & IP-led digital assurance and digital engineering services provider Cigniti Technologies has set up a new offshore delivery centre (ODC) in Hyderabad as part of its expansion drive.

The new 40,000 sq ft facility, which has come up at the International Tech Park in the heart of Hyderabad's IT hub of Madhapur, will have a capacity to accommodate around 400 techies and will take Cigniti's total ODC footprint in Hyderabad to around 2.4 lakh sq ft.

The new ODC will cater to the digital assurance and digital engineering requirements of companies from sectors such as BFSI (banking, financial services and insurance), retail, healthcare and lifesciences, among others, Cigniti officials said on Friday.

The ODC is equipped with two continuous learning and innovation training centres with plans to add a digital experience centre in the near future, the company said.

Commenting on the development, Cigniti CEO Srikanth Chakkilam said the expansion will amplify the company's capabilities.

"With additional space, advanced facilities, and enhanced infrastructure, we are poised to foster collaboration and innovation and elevate the employee experience," said Chakkilam, who inaugurated the new facility along with Cigniti chairman CV Subramanyam.

The Hyderabad-headquartered Cigniti has a global headcount of over 4,200, of which around 2,900 are associated with the Hyderabad office. The company also has offices in the US, Canada, UK and UAE.

Cigniti inaugurates new facility in Hyderabad

Hyderabad: Hyderabad-based digital assurance and digital engineering services company Cigniti Technologies inaugurated a new offshore delivery centre (ODC) at the International Tech Park in Hyderabad. The facility was inaugurated by CV Subramanyam, chairman, and Srikanth Chakkilam, chief executive officer of Cigniti.

The new office is about 40,000 sq.ft and can accommodate 400 professionals. Currently, it is operating in about two lakh sq. ft. The ODC is equipped with two training centres to foster continuous learning and innovation. Cigniti plans to add a digital experience centre in the newly inaugurated facility.

"As we step into a new year, the inauguration of our ODC symbolises the beginning of a chapter filled with possibilities and opportunities. This expansion amplifies our capabilities and also underscores our commitment to providing a world-class work environment for our employees. With additional space, advanced facilities, and enhanced infrastructure, we are poised to elevate the employee experience, fostering collaboration and innovation," said Srikanth Chakkilam, according to a release.
