The screenshot shows a news article on the website 'THE HINDU'. The page layout includes a top navigation bar with social media icons (Facebook, Twitter, LinkedIn, YouTube, Email) and a menu with categories like HOME, NEWS, OPINION, BUSINESS, SPORT, ENTERTAINMENT, CROSSWORD+, and SCIENCE. Below the menu is a 'CITIES' dropdown menu with options: BENGALURU, CHENNAI, COIMBATORE, DELHI, HYDERABAD, KOCHI, and KOLKATA. The article is categorized under 'NEWS > CITIES > HYDERABAD'. The main headline is 'Cigniti hackathon begins on September 4'. The author is identified as a 'SPECIAL CORRESPONDENT' with a placeholder profile picture. The article is dated 'HYDERABAD, SEPTEMBER 02, 2021 21:06 IST' and was updated at '21:39 IST'. Below the headline is a 'SHARE ARTICLE' section with icons for Facebook, Twitter, YouTube, WhatsApp, Email, and Print, along with font size adjustment options (A | A | A). The article text states: 'Independent quality engineering and software testing services company Cigniti Technologies is hosting a global software testing hackathon. Cignithon, an annual hackathon, will be conducted virtually from 10 a.m. on September 4 to 9 p.m. on September 5. The event is being hosted in association with software testing community The Test Tribe, the company said in a release on Thursday. Registration for Cignithon is open to software testers around the world. The hackathon is a platform for testers to compete globally and test live products for Functionality, UI and Security, as well as to test applications from different domains and tech stacks. Results will be declared on September 5 and winners will be awarded prize money up to ₹2 lakh along with other rewards and perks, it said.'

Publication – CXO Outlook

The image is a screenshot of a webpage from CXO Outlook. At the top left is the CXO Outlook logo with the tagline 'INSIGHTS, IDEAS, INSPIRATIONS' and the website URL 'www.cxooutlook.com'. To the right, it says 'CURRENT ISSUE: FOOD & T...'. Below the logo is a navigation bar with links: HOME, NEWS, MAGAZINE, CXOs IN FOCUS, LEADERS' INSIGHTS, EXPERTS' OPINION, INVESTORS' INSIGHTS, COMPANY SPOTLIGHT, and STA... The main headline reads 'Cigniti Technologies to host Cignithon – a Global Testing Hackathon'. Below the headline is the date 'September 2, 2021' and the author 'Editorial Team'. A large image of the Cigniti logo is centered below the text. The logo consists of the word 'Cigniti' in blue with an orange checkmark above the 'i', and the tagline 'Software Quality | Assured' below it. The article text below the image states: 'Cigniti Technologies, the world's leading independent Quality Engineering & Software Testing services company is hosting Cignithon, an annual global software testing hackathon on September 4, 2021, virtually from 10 AM IST to 9 PM IST on 5th September 2021.' It then describes Cignithon as a platform for testers to compete globally and test live products for Functionality, UI, and Security, as well as to test applications from different domains and tech stacks. It is a great platform that enables participants to network and interact with professionals from the same community and share their ideas. The annual event will take place for two days starting from September 4, 2021, where it will begin with the virtual welcoming of the participants and introduction of Cigniti and The Test Tribe. It will be followed by a briefing of the event format and the beginning of the hackathon. The results of the hackathon will be declared on September 5, 2021. Cignithon aims to target software testers globally, with the winners being awarded prize money up to INR 200,000 along with other rewards and perks. Registration for Cignithon is open to software testers around the world.

Cigniti Technologies to host 'Cignithon' from Sep 4

Hyderabad, Sep 2 (UNI) Cigniti Technologies, the world's leading independent Quality Engineering & Software Testing services company will host a two-day Cignithon, an annual global software testing hackathon from Saturday.

To be virtual from 10 AM to 9 PM, Cignithon is a platform for testers to compete globally and test products for Functionality, UI, and Security, as well as to test applications from different domains and tech stacks, the IT company said in a release here on Thursday.

It is a great platform that enables participants to network and interact with professionals from the same community and share their ideas.

The annual event will begin with the virtual welcoming of the participants and introduction of Cigniti and The Test Tribe.

It will be followed by a briefing of the event format and the beginning of the hackathon.

The results of the hackathon will be declared on September 5.

Cignithon aims to target software testers globally, with the winners being awarded prize money up to INR 200,000 along with other rewards and perks.

Registration for Cignithon is open to software testers around the world, the release added.
