

Publication – Financial Times

The screenshot shows the Financial Times website interface. At the top, there is a navigation bar with the FT logo, a search icon, and a 'myFT' user profile. Below this is a secondary navigation bar with categories like HOME, WORLD, US, COMPANIES, TECH, MARKETS, CLIMATE, OPINION, WORK & CAREERS, LIFE & ARTS, and HOW TO SPEND IT. A 'Sign In' button and a 'Subscribe' button are also present. The main content area features a breadcrumb trail: 'MARKETS > MARKETS DATA > COMPANY ANNOUNCEMENTS'. The article title is 'Company Announcements' followed by 'Cigniti Technologies Ltd' in red. The main headline reads 'Cigniti Expands Its Global Footprint in Central Europe With Opening of an Office in Czech Republic'. Below the headline are social media sharing icons for Twitter, Facebook, LinkedIn, Google+, and Pinterest, along with print and share icons. The article is dated 'SEPTEMBER 8, 2021'. The text of the article begins with 'PRAGUE--(BUSINESS WIRE)--Sep. 8, 2021-- Cigniti Technologies, world's leading Independent Quality Engineering & Software Testing Services company, announced the opening of their office in Prague, Czech Republic. With this new expansion, Cigniti further extends its global footprint in the European region to meet the growing digital transformation needs of leading enterprises based in the region. Cigniti is currently serving enterprises from eight countries in the Europe and the U.K. "Being the best country for business in Central and Eastern Europe (CEE), with rich scientific tradition, incredible talent pool, and well developed R&D infrastructure that supports business's ecosystem, Czech Republic was a natural choice for us as we looked at expanding our presence in the Europe region," said Srikanth Chakkilam, CEO, Cigniti. "This new office will enable us to be more agile and responsive towards the needs of our existing clients in the region and serve them from close proximity. This will also be the nearshore delivery centre for our clients in the UK and EU, and tap into the rich talent pool available locally" said Nanda Padmaraju, Cigniti's head of RoW business. Cigniti has helped accelerate the digital transformation journey of several global automobile enterprises by providing highly innovative & strategic quality engineering solutions. Our presence in Czech Republic would further boost our efforts to partner with the leading automobile enterprises in the central Europe. Enterprises in the European region today are looking towards aligning their transformation roadmaps to leverage the benefits of next-generation technologies such as Hyperautomation (RPA, IoT, AI/ML) for connected cars and digital retail frameworks to kick-start a new "post-COVID" era. Cigniti is committed to providing its clients the required insights, advisory, and digital assurance services to accelerate their business transformation, and help them drive higher ROI from their QA initiatives. **About Cigniti:** Cigniti Technologies is a Global Leader in Independent Quality Engineering & Software Testing services. Cigniti's 3,100+ experienced professionals are spread across US, UK, Canada, Australia, India, UAE, and South Africa. We are a strategic quality engineering partner for leading global organisations and assist them in accelerating time-to-market by predicting and preventing unanticipated failures, leveraging AI-driven, proprietary Continuous Testing & Test Automation solutions, with customer-centricity at the core of the transformation. Our test offerings are Quality Engineering, Advisory & Transformation, Digital Assurance, and Quality Assurance solutions.

Publication – Yahoo Finance

The screenshot shows the Yahoo Finance website interface. At the top, there is a navigation bar with links for HOME, MAIL, NEWS, FINANCE (highlighted), SPORTS, ENTERTAINMENT, LIFE, SHOPPING, YAHOO PLUS, and MORE... Below the navigation bar is the Yahoo Finance logo and a search bar with the placeholder text 'Search for news, symbols or companies'. A 'Sign in' button is visible on the right. Below the search bar, there is a secondary navigation bar with links for Finance, Watchlists, My Portfolio, Screeners, Yahoo Finance Plus, Markets, News, Personal Finance, and Cryptocurrencies. The main content area features a large headline: 'Cigniti Expands Its Global Footprint in Central Europe With Opening of an Office in Czech Republic'. Below the headline, there is a sub-headline: 'PRAGUE, September 08, 2021--(BUSINESS WIRE)--Cigniti Technologies, world's leading Independent Quality Engineering & Software Testing Services company, announced the opening of their office in Prague, Czech Republic. With this new expansion, Cigniti further extends its global footprint in the European region to meet the growing digital transformation needs of leading enterprises based in the region. Cigniti is currently serving enterprises from eight countries in the Europe and the U.K.' The article text continues with a quote from Srikanth Chakkilam, CEO of Cigniti, and another quote from Nanda Padmaraju, Cigniti's head of RoW business. The article concludes with a paragraph about Cigniti's digital transformation journey and its commitment to providing insights, advisory, and digital assurance services to its clients.

Cigniti Tech opens office in Prague, extends its global footprint in European region

Hyderabad, Sep 8 (UNI) Cigniti Technologies, the World's leading Independent Quality Engineering and Software Testing Services Company, on Wednesday announced the opening of their office in Prague, Czech Republic.

With this new expansion, Cigniti further extends its global footprint in the European region to meet the growing digital transformation needs of leading enterprises based in the region, the IT company said in a release here.

Currently, Cigniti is serving enterprises from eight countries in Europe and the U.K.

"Being the best country for business in Central and Eastern Europe (CEE), with rich scientific tradition, incredible talent pool, and well developed R and D infrastructure that supports business's ecosystem, Czech Republic was a natural choice for us as we looked at expanding our presence in the Europe region," Mr Srikanth Chakkilam, CEO, Cigniti said.

Besides responsive towards the needs of our existing clients in the region and serve them from close proximity, this new office will also be the nearshore delivery centre for our clients in the UK and EU and tap into the rich talent pool available locally" said Nanda Padmaraju, Cigniti's head of RoW business.

Our presence in Czech Republic would further boost our efforts to partner with the leading automobile enterprises in central Europe. Enterprises in the European region today are looking towards aligning their transformation roadmaps to leverage the benefits of next-generation technologies such as Hyperautomation (RPA, IoT, AI/ML) for connected cars and digital retail frameworks to kick-start a new 'post-covid' era.

Cigniti is committed to providing its clients the required insights, advisory, and digital assurance services to accelerate their business transformation, and help them drive higher ROI from their QA initiatives.

Cigniti Expands Its Global Footprint in Central Europe With Opening of an Office in Czech Republic

Business Wire 08 settembre 2021 09:30

 Scrivi alla redazione  Stampa

Cigniti Technologies, world's leading Independent Quality Engineering & Software Testing Services company, announced the opening of their office in Prague, Czech Republic. With this new expansion, Cigniti further extends its global footprint in the European region to meet the growing digital transformation needs of leading enterprises based in the region. Cigniti is currently serving enterprises from eight countries in the Europe and the U.K.

"Being the best country for business in Central and Eastern Europe (CEE), with rich scientific tradition, incredible talent pool, and well developed R&D infrastructure that supports business's ecosystem, Czech Republic was a natural choice for us as we looked at expanding our presence in the Europe region," said Srikanth Chakkilam, CEO, Cigniti.

"This new office will enable us to be more agile and responsive towards the needs of our existing clients in the region and serve them from close proximity. This will also be the nearshore delivery centre for our clients in the UK and EU, and tap into the rich talent pool available locally" said Nanda Padmaraju, Cigniti's head of RoW business.

BUSINESS WIRE: Cigniti erweitert mit der Eröffnung einer Niederlassung in der Tschechischen Republik seine globale Präsenz in Mitteleuropa

MITTEILUNG UEBERMITTELT VON BUSINESS WIRE. FUER DEN INHALT IST ALLEIN DAS BERICHTENDE UNTERNEHMEN VERANTWORTLICH.

PRAG, Tschechische Republik --(BUSINESS WIRE)-- 08.09.2021 --

Cigniti Technologies, das weltweit führende unabhängige Unternehmen im Bereich Quality Engineering & Software-Testdienstleistungen, hat die Eröffnung seiner Niederlassung in Prag, Tschechien, bekannt gegeben. Durch diese neue Expansion baut Cigniti die globale Präsenz in der europäischen Region weiter aus, um den wachsenden Anforderungen führender Unternehmen in der Region an die digitale Transformation gerecht zu werden. Cigniti ist derzeit für Unternehmen aus acht Ländern Europas und Großbritanniens tätig.

"Die Tschechische Republik ist das am besten geeignete Land für Unternehmen in Mittel- und Osteuropa (Central and Eastern Europe, CEE), mit einer langjährigen Forschungstradition, einem unglaublichen Talentpool und einer gut entwickelten F&E-Infrastruktur, die das Ökosystem (wirtschaftliche Umfeld) von Unternehmen stärkt. Daher war die Tschechische Republik für uns eine logische Wahl, als wir unsere Präsenz in der Region Europa ausbauen wollten", sagte Srikanth Chakkilam, CEO von Cigniti.

"Diese neue Niederlassung wird es uns ermöglichen, flexibler und schneller auf die Bedürfnisse unserer bestehenden Kunden in der Region einzugehen und sie aus unmittelbarer Nähe zu betreuen. Dieser Standort wird auch als Nearshore-Lieferzentrum für unsere Kunden in Großbritannien und der EU dienen und das reichhaltige Talentpotenzial vor Ort nutzen", sagte Nanda Padmaraju, Leiter des RoW-Geschäfts von Cigniti.

Cigniti hat durch die Bereitstellung hochinnovativer und strategisch wertvoller technischer Lösungen dazu beigetragen, die digitale Transformation mehrerer globaler Automobilunternehmen voranzutreiben. Unsere Präsenz in der Tschechischen Republik wird unseren Einsatz für Partnerschaften mit den führenden Automobilunternehmen in Mitteleuropa weiter voranbringen. Unternehmen in der europäischen Region wollen ihre Transformations-Roadmaps so ausrichten, dass sie die Vorteile von Technologien der nächsten Generation wie Hyperautomation (RPA, IoT - Internet of Things: Internet der Dinge - , KI/ML) für vernetzte Autos und digitale Einzelhandelsrahmen nutzen können, um eine neue "Post-COVID"-Ära einzuleiten. Cigniti hat es sich zur Aufgabe gemacht, seinen Kunden die erforderlichen Einblicke, Beratungs- und digitalen Prüfdienstleistungen zur Verfügung zu stellen, um ihre geschäftliche Transformation voranzutreiben und ihnen zu helfen, einen höheren ROI (return on interest: Rendite) aus ihren QA (Quality Assurance: Qualitätssicherungs)-Initiativen zu erzielen.

Über Cigniti: Cigniti Technologies ist ein weltweit führender unabhängiger Anbieter von Dienstleistungen im Bereich Quality Engineering und Softwaretests. Cigniti beschäftigt über 3.100 erfahrene Fachleute in den USA, Großbritannien, Kanada, Australien, Indien, den Vereinigten Arabischen Emiraten und Südafrika. Wir sind ein strategischer Quality-Engineering-Partner für führende internationale Unternehmen und unterstützen sie bei der schnelleren Markteinführung, indem wir durch den Einsatz von KI (Künstliche Intelligenz)-gestützten, proprietären kontinuierlichen Test- und Testautomatisierungslösungen unerwartete Fehler vorhersagen und vermeiden, wobei die Kundenzentrierung im Mittelpunkt der Transformation steht. Unsere Testangebote umfassen Lösungen in den Bereichen Quality Engineering, Beratung & Transformation, Digitale Sicherung und Qualitätssicherung.
